

JRS NEWS

Lovingly referred to as Mama Gene by our drivers and office personnel, Imogene Bailey, passed away on Sunday, May 2, 2010. Imogene is an older sister to James R. Smith and over the years became an adopted mom for all of us. Until her health prevented her from doing so, she would bring a home-cooked lunch to the JRS office every Monday & Friday for the drivers and office workers. Mama Gene would spend hours visiting with every driver and never met a stranger. She would also spend countless hours visiting with the elderly of local nursing homes. She was our most cherished friend and will be truly missed by all.

Road check 2010 Takes Place June 8-10

During a 72-hour period in the second week of June, thousands of inspectors will be examining over 70,000 vehicles. What they find (or don't find) can affect both your CSA 2010 scores and the CSA scores of JRS & JAS. Please remember, even violations not resulting in an out-of-service order will be tabulated into the CSA Safety Measurement System. Some facts to consider regarding last year's Road-check event:

- A record 72,782 inspections were conducted.
 - Of the vehicles inspected, 19.6% were placed out of service for mechanical problems (that's about 14,130 vehicles).
- On average, approximately 17 trucks or buses were inspected every minute.

Please remember that any inspection you receive must be logged on the correct date & time and must be sent to the safety office immediately.
